

Accommodation

We use several types of accommodation throughout our yearly holiday program, from luxury-converted barns, farmhouses and large manor houses, to hotels for our Benidorm trips and luxury static homes for our summer holidays.

You can find out more about the accommodation we will be using for each holiday by visiting our website or calling us.

Home visit

If it is your first Papillon holiday, we will come to your home or place of your choosing for an assessment visit, we will determine what your likes and dislikes are, your dietary requirements, and what assistance you will need when out on activities, and also your personal care requirements.

It will also be a chance for you to meet us and us to meet you.

Itineraries

The itineraries given in the holiday descriptions are an example of the activities we have done on previous holidays and what we expect to be doing on the stated holidays.

From time to time, the itineraries may change a little to accommodate activities and events that better suit the holiday theme and group needs.

Evenings

There will be opportunity for you to visit the local public house of an evening with staff members or the holiday park entertainment club.

Other evening activities will include picture diaries of the day's events, scrap book creating and craft sessions.

About us

Papillon Holidays is a not for profit organisation founded in 2006 offering supported holidays in group settings throughout the U.K as well as Spain and France.

We are dedicated to providing themed and educational holidays to adults with support needs, with our team having experience in providing health & social care and supported holidays since 1996.

Our holidays are designed for adults of all ages who need support whilst participating in our planned activities, or around our holiday accommodations.

Our holidays are designed to promote independence and personal development, whilst offering all the support the holidaymaker needs, whether it be personal care or physical assistance.

Due to the nature of our holidays and activities, our holidaymakers would usually be quite active with a degree of independence, although we do offer a one to one support service for those who may need it.

What's included

On a Papillon holiday, you can expect to receive all the support and personal care you receive at home from your families and carers.

Our dedicated staff team is on hand 24 hours a day and is devoted to making your stay with us a happy and pleasurable experience.

We offer a unique three tier support system to cater for most support needs, whether it is support with personal care, or physical assistance or perhaps a little supervision whilst we are out on one of our varied holiday activities. The prices stated in the holiday's section are for a standard care package holiday, with a two or maximum three holidaymakers to one staff ratio for personal care, 24- hour support needs and when out on activity.

We also have one to one care packages available.

Included in the cost of Your holiday

Free home assessment visit for those in or around the Manchester area.

Those living 10 miles outside of our base in Ashton under lyne would need to pay a travel supplement (call or see website for details).

Free transport to and from your holiday destination from your home or a place of your choosing for those in or around the Manchester area.

Those living 10 miles outside of our base in Ashton under Lyne would need to pay a travel supplement (call or see website for details).

All meals at our accommodation including, breakfast - lunch -picnics - evening dinner — supper and selection of soft drinks hot and cold throughout the day at our holiday accommodation.

There will be the opportunity for holiday makers to have a meal in a local country pub or restaurant on a lot of holidays, meals and snacks whilst out and about would need to be purchased by each holiday maker.

All excursion and day trips are included in the cost of the holiday.

Unlike some holiday providers our holiday makers are not expected to purchase our staff refreshments when out on activities, as our staff will purchase their own

Guidelines policies/procedures

Papillon Holidays strive to deliver a quality package and will endeavour to conform to the guidelines regarding the Protection of Vulnerable Adults of the following local authorities: Manchester, Tameside and Lancashire.

Papillon Holidays make every effort to work within the guidelines set out by The Care Quality Commission – the administration of medicines in domiciliary care, and the administration of medicines in care homes, The Nursing and Midwifery Council - guidelines for the administration of medicines, The Royal Pharmaceutical Society of Great Britain – the administration and control of medicines in care homes and children's services.

These documents can be downloaded on our web site or can be sent out via e-mail or post.

Support packages

We offer a unique three tier support system to cater for most support needs, whether it is support with personal care, or physical assistance or perhaps a little supervision whilst we are out on one of our varied holiday activities.

Our Standard support package - comes included in the cost of the holiday, And is a maximum of three holidaymakers to one support staff for personal care and activity support although you will usually find that two holiday makers to one staff member for personal care and activity support is the norm (a ratio that is second to none in our field).

A holidaymaker choosing a standard package would have a degree of independence and would need minimal assistance around the accommodation and when out and about on activities with the group, perhaps someone with a knowledge of road safety who can walk unaided, and would just need prompting with personal care

Tier 1 support package — a holiday maker choosing a tier 1 support package would usually require more support when out on activities i.e. someone who uses a wheelchair, or walker or someone who does not walk unaided in a group setting. Or perhaps a holidaymaker who may become challenging or take it upon themselves to walk away from the group, or may want to spend time away from the group.

Tier 2-support package — a holidaymaker choosing a tier 2 support packages would usually need the support as in tier 1 but also more support when at the holiday accommodation, perhaps someone who needs more support with personal care and dressing or someone who may get up and wander around our sometimes large accommodation at night.

A Papillon home assessment manager may deem it necessary to designate a holidaymaker as needing one to one support once all the information has been gathered on home visit.

If you wish to talk to us about who may be deemed as needing one to one please contact us and we will be happy to answer any questions.

Alternatively, please read the booking conditions as a guide to who may need a one to one support packages.

This week we bring Christmas to you early. Join our festive fun as we start the week by participating in a craft session at our accommodation to create the decorations needed for our tree and home.

The evening will be spent dressing our tree and putting up the decorations we have made around our accommodation, as well as listening to festive music and making traditional eggnog

Day 2 - We will be visiting a pantomime today, (oh no we won't, oh yes we will) or a Christmas themed show at the theatre.

In the evening we will create our own personalised Christmas cards in a craft session or on computer to send to friends and family back home.

Day 3 -.Today is our Christmas shopping day. We will set you the task of becoming a secret Santa, and we will give you a set amount of monies from us at Papillon to purchase a gift for a holidaymaker who is away with us.

You can also buy any gifts you may want to buy for your friends and family at home.

On returning to our accommodation, we will spend the late afternoon wrapping our presents, and there will be the opportunity to participate in the baking of mince pies and cookies.

Day 4 - is our Christmas Eve We will visit the stately home of Chatsworth House, where we will get the opportunity to see how the Royal and Stately celebrate Christmas as we walk around the wonderfully decorated house of the Duke and Duchess of Devonshire, with Christmas trees and differently themed decorations in every room of the grand house

This evening we will have the pleasure of a visit from the local church choir who will entertain us with some traditional Carols at our door, before we come back into the warmth and huddle round our open fire for a reading of 'twas the night before Christmas

Day 5 is our Christmas Day, we will start the day by opening the gifts left for us by our secret Santa and the gifts we, here at Papillon Holidays have for you.

We will then take a trip to the cinema to watch this year's Christmas blockbuster movie.

On returning to our accommodation, we will have a full Christmas dinner before settling down to a Bond movie, or snowman making depending on the weather.
